Update 0.8.0.0

The only Important choice in this update is Auroras choice to **FLASH:**

Jack or Kelly or Michael

This choice will affect the story so save here!

If you flash **Jack or Kelly**, you get an extended night scene featuring them.

If you flash **Michael**, you get a scene with him.

This is an important choice for future episodes as well. So do save here.

Update 0.9.0.0

This is an episode that has many different scenes depending on what you did on the 2 previous updates. Better play all routes especially the Aria and Nancy route since it has 2 noticeably big sex variations.

In order to get the Aria scenes, you need to choose **OK... in chapter 5**

And then choose **Humm? Who is there?**

In order to get the Nancy scenes, you need to choose **OK... in chapter 5**

And then choose **I'm too tired.**

If you played the Kelly route (chose **No, you will stay! We need to clear out heads! in chapter 5**) Then at the end of the episode you will receive a sexy message either from Kelly or/and Aurora.

If you chose to **FLASH** Jack with aurora she send him some nudes.

If you chose to **FLASH** Kelly and let her watch the blowjob scene. Then We have a small lesbian scene.
